Claude brings your startup's boldest ideas to life. Access the same frontier AI trusted by industry leaders to transform ambitious concepts into market advantages. We support your journey with dedicated credits, resources, and a community. Available now through our VC partners.

Claude helps nonprofits turn limited resources into lasting impact. Generate grant proposals in hours, track program outcomes across hundreds of participants, and free your team to focus on serving your community.

#### Enterprise AI at nonprofit pricing

Choose from the Claude Team and Enterprise plans at rates built for nonprofit budgets. Plans include collaborative workspaces, advanced permissions, and enterprise-grade security.

#### Built for your workflows

Claude connects directly to the platforms you rely on, like Blackbaud, Benevity, and Candid. Pull donor data, generate reports, and research foundations without switching systems.

#### Security for sensitive work

We offer plans that are configurable to meet SOC 2 Type II, ISO 27001, ISO 42001, and CSA Star compliance needs.

#### AI Fluency for your whole team

Our free AI Fluency for nonprofits course helps every team member, from executive directors to program coordinators, use AI confidently.
